Stream Usage Survey

1. Stream Name (Please enter the full name)
2. County (Please enter the county or counties where the use occurs)
3. City or Town (Please enter city or town closest to the area of use)
4. Where do you use the stream? If use occurs in multiple locations, please list them all below. (Please be specific so the location can be identified on a map, e.g., 9th Street Bridge, Anytown City Park, Quarter Section-Township-Range, Latitude/Longitude, etc).

On April 24th, 2008, when I was facilitating a Stream Team cleanup with 30 students and teachers from Hazelwood Central Middle School I observed a man fishing in a lake of Watkins Creek known locally as Pennyrich Lake (as it is owned by trustees of Pennyrich Subdivision) at N 38.793497, W -90.242515 . The arrival of 30 middle school children
5. Have you or your family personally used the stream at this site(s) for recreation since Nov. 28, 1975?
☒ Yes If Yes, go to Question #6 ☐ No If No, go to Question #11
6. Have you or your family personally used the stream at this site(s) for any of the following whole body contact recreation activities? Please select all that apply:
☐ Swimming ☐ Tubing ☐ Snorkling/Skin Diving ☐ Water Skiing
7. How many times per year have you or your family personally used the stream for these activities?
8. Have you or your family personally used the stream at this site(s) for any of the following secondary contact recreation activities? Please select all that apply:
☒ Fishing ☐ Wading ☐ Boating ☐ Trapping
9. How many times per year have you or your family personally used the stream for these activities?
10. How many of these times did children wade or play in the stream?
11. Have you observed or heard of others using the stream at this site(s) for recreation since Nov. 28, 1975?
☒ Yes If Yes, go to Question #12 ☐ No If No, go to Question #17
12. Have you observed or heard of others using the stream at this site(s) for any of the following whole body contact recreation activities? Please select all that apply:
☐ Swimming ☐ Tubing ☐ Snorkling/Skin Diving ☐ Water Skiing
13. How many times per year have you observed or heard of others using the stream for these activities?
14. Have you observed or heard of others using the stream at this site(s) for any of the following secondary contact recreation activities? Please select all that apply:
☒ Fishing ☐ Wading ☐ Boating ☐ Trapping
15. How many times per year have you observed or heard of others using the stream for these activities?
16. How many of these times did you observe or hear of children wading or playing in the stream?
17. Do you have additional comments you would like to provide the department regarding this stream?

I have led many cleanups and Water Quality Monitoring events on various sections of Watkins Creek with Stream Team #3553 this year. I will make multiple survey comment submissions as the character limits in these boxes do not allow me to describe more than one at a time in detail.

18. In the event the department has questions, please provide the following contact information:

StreamUseComments:	On April 24th, 2008, when I was facilitating a Stream Team cleanup with 30 students and teachers from Hazelwood Central Middle School I observed a man fishing in a lake of Watkins Creek known locally as Pennyrich Lake (as it is owned by trustees of Pennyrich Subdivision) at N 38.793497, W -90.242515 . The arrival of 30 middle school children caused him to take his fishing rod and bucket and depart, but as he left I interviewed him and found he had caught 5 fish which he said he was going to cook for dinner . He

	identified the fish in the bucket as Blue Gill and Croppie. I will make multiple surveys as this text box has charact lim.

StreamUseComments:	On April 24th I conducted a stream cleanup on Watkins Creek from N 38.794734,W -90.243673 to N 38.789014, W -90.240455 with 25 to 30 students and teachers from Hazelwood Central Middle School. Students were equipped with proper PPE, but were seen wading and splashing in Pennyrich Lake and Watkins Creek immediately to the south. We collected one 24 foot Johnboat full of tires, bicycles, and assorted trash. Students became quite dirty with streambed sediment attached to the trash, but were given the opportunity

	to wash and disinfect with hand sanitizer.
